DORA (ZIYI) ZHUANG

(236) 965-2904 • ziyi.zhuang@mail.mcgill.ca • https://www.linkedin.com/in/dora-zhuang

EDUCATION

McGill University, Desautels Faculty of Management — Montréal, Canada
Master of Management in Analytics — Jul 2026 – Oct 2027

- MMA Graduate Entrance Award ($12,000); MMA Director's Graduate Award ($4,000)

The University of British Columbia — Vancouver, Canada
Bachelor of Science in Mathematics, Concentration in Mathematical Modelling, GPA：3.70/4.00 — Sept 2021 – Apr 2026

- Relevant Courses: Linear Programming, Applied Machine Learning, Probability, Differential Equations, Game Theory

TECHNICAL SKILLS

- **Software:** Python, MATLAB, Excel, SQL
- **Models Used:** Linear & Logistic Regression, Time Series Forecasting, A/B Testing, Classification, Statistical Modelling

ANALYTICS PROJECT EXPERIENCE

Ampliwork – Academic Analytics Consulting Project — Montréal, Canada
AI Data Modeller, Rail Service Recovery — Sept 2026 – Present

- Develop a model for an AI-assisted decision tool with engineering, design, and operations teammates to assess how timetable changes affect crews, trains, and passengers.

McGill Retail Gen-AI Hackathon – ALDO Group Challenge — Montréal, Canada
Second Place, AI-Powered Return-to-Resale Solution — Sept 2026 – Oct 2026

- Developed an AI agent prototype to recover value from footwear returns through rule-based buyer matching and simulated resale offers, earning second place in the competition.

University of British Columbia – Network Modelling Research Project — Vancouver, Canada
Mathematical Modelling Researcher — Sept 2024 – Apr 2025

- Developed game-theoretic models of traffic and wireless networks to assess the effects of individual decisions, deriving Nash equilibria and quantifying the resulting efficiency losses.
- Evaluated coordination strategies to improve network performance, establishing efficiency bounds for both settings.

PROFESSIONAL EXPERIENCE

BMO Financial Group — Vancouver, Canada
Customer Service Representative — Mar 2026 – May 2026

- Processed banking transactions to meet client needs, maintaining compliance and confidentiality.
- Collaborated with branch colleagues to resolve client requests, ensuring timely follow-up.

NFLS British Columbia Academy — Nanjing, China
Data Support & Teaching Assistant — May 2025 – June 2025

- Analyzed student performance to guide placement and instruction, contributing to a 3% average improvement in outcomes.
- Delivered 100+ hours of tailored mathematics instruction and tutoring to Grade 10 – 12 students.

Jiangsu Bozhan Museum Exhibition Design Co., Ltd. — Nanjing, China
Data Analyst, Social Media Communication Platform — May 2024 – Aug 2024

- Applied regression, trend forecasting, and A/B testing to refine content strategy, contributing to an 8% increase in reach and a 15% increase in conversion.
- Analyzed RedNote, WeChat, and TikTok performance data to identify content associated with audience engagement and customer conversion.

LEADERSHIP AND EXTRACURRICULAR

RedNote (Xiaohongshu; lifestyle and social commerce platform) — Montréal / Vancouver / Nanjing
Content Creator & Community Builder — May 2021 – Present

- Analyzed content performance and refined lifestyle posts to grow personal revenue through a larger audience, increasing views from 100 to 80,000.

SKILLS AND INTERESTS

Languages: English (fluent), Mandarin Chinese (fluent)
Interests: Crime and fraud analytics, beauty and skincare, social media content creation, table tennis, specialty matcha and coffee tasting
